Subject: Approval Number for R/V Melville

Mark,

I visited DFA-International Relations office on Friday and yesterday advising them to speed up the approval. Our contact Cephas Kayo was not available but I spoke with Mathilda Takaku who assisted us to obtained the clearance number from the Department of Transport for the Research vessel R/V Melville to carry out research in the waters of Gulf of Papua.

The Approval number granted was: **Fordip N0: 104/03**

Your Ref: 026

Department of Transport Authority N0: 036/03

The approval was forwarded to us under the department of foreign Affairs dipnote number 591/03. Please advise the research team the same. Attached dipnote from the department which might be of essential to them:

RV Melville.pdf

Thanks
